

TEXANS SOCCER CLUB | HOUSTON

APRIL 9, 2010

Dear DTH and TSC Families:

As we head into tryouts, we wanted to take the time to share with all of you the excitement about the road ahead. As many of you have seen firsthand, the partnership between TSC and DTH has been very refreshing. The combined Youth Academy and PDF environment has provided an exciting glimpse of a promising future. In addition, to see entire age groups training together in our combined pool sessions has been a joy for the staff and the players. Both clubs have already benefited from multiple guest player scenarios, and the recent College Recruiting Combine. In addition, players from TSC and DTH have already been playing together at the USSF Academy level.

It is with much excitement that the leadership at DTH and TSC can announce a complete union as we head into the 2010-2011 season. This means that the two clubs will literally become one. Scott James and Lee Baker will direct the operations of the club with the assistance of the eight additional full-time staff members from each club as well as the part-time staff and administrators.

The club's official name will be Texans Soccer Club – Houston. The club will continue to utilize the best of what each club has to offer. For example, training will be held at Burrough's Park, Meyer Park, and Concordia Lutheran High School; the relationship with Dallas Texans and Affiliates will be a benefit for all; the Manchester United partnership will continue; camps and club partners will also continue to provide better opportunities for players. Teams will be outfitted in Nike uniforms and will continue to wear Red and White as the primary colors. The new club website will be www.texanssoccer.com.

Ultimately, the expanded player pool and combined resources will be of benefit to all players involved. Simply put, with more players in each age group, individuals will have a better opportunity to play on teams suitable for their abilities and their commitment level.

If you have any questions about anything, please contact your staff coach.

Thank You.

Lee Baker
Club Director
